

Contagious

Orianthi

It's too late to say goodbye
Take a walk on the darker side
On the edge of a blood red moon
The end is near it'll be over soon

Ohh ohh ohh
So long so long
Ohh ohh ohh

There is no way out
Of where we are right now
They try to break us
Cause hate is contagious
When the sun blacks out
Demons come around
They try to break us
Cause hate is contagious

Medicated from a psychotic curse
Straight jacket cause the side effects hurt
There's no escape from this fun house room
Take my hand and I'll walk with you

Ohh ohh ohh
Come on come on
Ohh ohh ohh

There is no way out
Of where we are right now
They try to break us
Cause hate is contagious
When the sun blacks out
Demons come around
They try to break us
Cause hate is contagious

There is no way out
Of where we are right now
They try to break us
Cause hate is contagious
When the sun blacks out
Demons come around
They try to break us
Cause hate is contagious
