

Rescue Me

Orianthi

He took my heart away
Left me on the floor
Kicked me to the curb
And slammed the door
Oh oh oh oh

Left me in a mess
Took me for a ride
Promised me the world
Stole away my pride
Oh oh oh oh

Rescue me from this place
Cause I can't breathe I can't escape
From you
Rescue me from this hell
Cause I lost all my sense in a wishing well
For you, for you

Rescue me
(Rescue me)

Gonna dust off the dirt
You buried me in
Crawl back from the dead
You ain't gonna win
No no

You flipped the wrong switch
Brought out the worst in me
I'll be the craziest bitch
You don't wanna meet
No no no

Rescue me from this place
Cause I can't breathe I can't escape
From you, from you
Rescue me from this hell
Cause I lost all my sense in a wishing well
For you

Rescue me

Tame me tame me tame me
Save me save me save me

Rescue me from this place
Cause I can't breathe I can't escape
From you, from you

Rescue me
Rescue me
Rescue me, rescue me
Rescue me, rescue me
