

Sorry

Orianthi

So completely out of your mind
Take your crazy to extremes every time
Chemicals running through your veins
Your delusional in every way

We're so bad we're so bad we're so bad
But you're mad you're so mad

All you had to say was sorry
All I hear the same old story
Just a simple little sorry
You didn't get it get it
I never got it from you

Sorry...
Yeah

Like a nightmare you can't wake from
Paralyzed in the bed you lay upon
How's it feel to feel this pain
Tortured by your soul in every way

We're so bad we're so bad we're so bad
But you're mad you're so mad

All you had to say was sorry
All I hears the same old story
Just a simple little sorry
You didn't get it get it
I never got it from you

All you had to say was sorry
All I hears the same old story
Just a simple little sorry
You didn't get it get it
I never got it from you

Sorry
Sorry
Sorry

You didn't get it get it
I never got it from you

Sorry...
Yeah
