Other Lives

I am on a bridge
And down below
People passing by
The ones we used to know
I'd like to say goodbye

And I had called a name
But no one heard
Sounds just like the noise
Of people talking words

I'd love to say a prayer
For all those that flew
And all who wish to

Golden gates
Look far from here
A peaceful view
From up above

And can you hear their voices
Calling your name?

I am on the ground
And now I've seen
The choice to stay or go
Does not belong to me
I'd love to say hello
