

## Beat Primal

### Other Lives

On a good day I can never decide which is on my side, which is  
only mine  
On a good day I can never decide  
On a good day I will never deny when it's on my side, when it's  
on my side  
On a good day I can never decide  
Beat Primal  
The more that you give the less that you fear, the more that I  
try  
Beat, beat, beat Primal  
On a good day I can never decide  
On a good day I can never decide which is on my side, which is  
only mine  
On a good day I can never be mine  
I come in waves and I multiply  
I'm an animal, I'm so refined  
But on a good day I can never decide  
The more that you give the less that you fear the less that you  
fear  
On a good day I can never decide  
In forward motion I can close my eyes  
Turn down and let it end all you've kept inside  
To become my rival  
To the beat, beat, beat primal  
And beat, beat my rivals  
Beat Primal  
I come in waves and I multiply  
I'm an animal, I'm so refined  
But on a good day I can never decide
