

Hey Hey I

Other Lives

Too many exist out on the open water
This emotion, this as it gets so tight
Oh, you try all this, but you find it's all for nothin'
You said, hey, man, somethin' don't sit right

They only come out at night
They only come out at night

How many times will you let them run you empty?
How many times'll you let them suck you dry?
Oh, you try to rest, but you know they're goin' to find you, oh
You said, hey, man, somethin' don't feel right

We like to agree to go
We like you now alone
We like to be ourselves
Sit down and read to her

They only come out at night
They only come out at night
There are too many years for the ones to follow
Been drinkin' the water until you're sad
Hey now, maybe that's alright
They only come out at night
