

# My Lover's Prayer

Otis Redding

This is my lover's prayer  
I hope it'll reach out to you, my love  
This is my lover's prayer  
And I hope you can understand it, my love

My life is such a weary thing  
But it might be old pressure bringing rain  
You keep me wanting, waiting and wishing  
When I know deep down that I'm not to blame

What you gonna do tonight  
When you need some loving arms to hold you tight?  
Tell me, what you gonna do tonight  
When you need my heavy voice to tell you goodnight?

Honey but you can't let that be no problem  
You've got to come home and help me solve 'em  
Yeah, I won't be missing you  
And honey, my lover's prayer would be all over, oh my

What can the matter be, now?  
It can't be too serious we can't talk it over  
Living in this misery, darling  
You can't make my life all over

Honey, but don't you let that be no problem  
Just come on home and help me solve 'em  
Then I won't be missing you, I would keep kissing you  
And my lover's prayer would be all over

It got to be all over  
Honey, all over  
Don't keep my life going 'round so many circles

This is my lover's prayer  
Come on y'all  
This is my lovers prayer  
I'm singin' out to you  
And I hope it reaches out to you  
This is my lover's prayer  
I hope it gets to you
