

Shake

Otis Redding

You listen while I'm talkin' to you now
Tell you what we're gonna do now
There's a new thing going around yeah
And I'll tell what to put down now

Move your body all around and just shake
Thats the way you do it right
All gone, gone baby now
Shake, shake, shake it baby

Just shake it like a bowl of soup, yeah
You let your body loop de loop, yeah
Put your hand along your hip now
Come on and let your backbone slip

Move your body like your hip and just shake
You got to got to got to heaven now
Keep on pushin' it, shake got the hoo, hey haa, aah
A ring-a-ling-a-ling, honey, shakin' is the greatest thing
But if you really roll gotta do the thing with soul

Shake it shake with all your might now
And if you do it, do it right now
Put your hands on your hip, yeah
And honey can let your backbone slip now

And move your body like your hip you just shake
Got to, got to do it, got to, got to heaven now
Shake, shake, shake, shake
Aah shake ooh now

If you wanna really roll now, gotta do the thing with soul
Just shake and shake with all your might, yeah
And if you do it, do it right now
Just let that your body loop de lite, yes

You just got to shake, to shake the baby now
You got to got to have it
Shake, the shake early in the mornin' now
Shake, shake shake it in the evening

Shake it all, all night long
Shake it, shake it all night long
Shake it, shake the one I long
Shake it, shake all night long
Yeah in the morning you gotta shake
