

# You're Still My Baby

Otis Redding

You're gone away, yeah yeah  
And you done left me alone, yeah  
I've got nobody to call my own  
I believe it's bye, bye, baby, yeah  
I wish you a lot of luck, darling  
But you're still my baby, my baby

Told you I love you, honey, yes, I did  
Many, many, many times again, yeah  
I've always played a losin' hand  
But it's bye, bye, bye, baby  
That's what you're tellin' me  
I wish you a lot of luck, darling  
But I'm letting you know you're still my baby, ooh yeah

You may be, yes you may be  
A thousand miles away, yeah  
No matter how far or you may be  
Lookin' at me somewhere right here in this town  
Lord, Lord, but tell me all I, all I  
All I want to know, know, tell  
Tell me what did I do, honey  
Why, why, why did you put me down, darling, darling

Somebody, somebody help me  
Of all this pain, yeah  
But I've always played a losin' game  
But it's bye, bye, baby, yeah that's what you tellin'  
Lots of luck, darling but I want you to know  
That you're still my baby, my baby, baby, yeah

You're still my baby, yeah, I want you to know  
No matter where you go, go  
No matter where I see you  
I want you to be my baby  
No matter what the world do to you, honey  
I want you to be my baby  
No matter how big you get honey  
I want you to be my baby  
No matter what you afford to take  
You can always come back and be my baby
