

I'm an outcast going against the grain
My scope propane no hope for y'all playin'
You know what I'm sayin' inner peace I need that
Making hits my way like I'm 3 stacks
Find a place I can kick my feet back
Do not disturb I'm on a reset
Outasight a funky individual
Building up a legacy count the residuals

So c'mon c'mon c'mon c'mon c'mon
I kick my Jordans off I'm at home
Sometimes it feels like the twilight zone
Cause ya playlist sound like the same ol' song
The some old chords and the same ol' concepts
You can do better than all this nonsense
But for now you know what I'm saying?
No one can do it better

They said it's been done before
But not like this
I'ma do it I'ma do it better
Cause nobody does it better

They said it's been done before
But not like this
I'ma do it I'ma do it better

Sit back relax I'ma demonstrate
I'll pull up to ya gate piss in arlo's lake
Smile to ya face when you're gone they hate
I do not subscribe I cannot relate
This take years of practice
While you was in the backyard doing backflips
I was getting gold medals in verbal gymnastics
Mr Lover Lover Shaggy Bombastic

C'mon c'mon c'mon c'mon c'mon
It did not take long to write this song
For some of us it comes natural
Deal with it pal it's actual
I got the facts to back I'm in my habitat
The drums go rat ta tat I smash the track
But for now you know what I'm saying?
No one can do it better

They said it's been done before
But not like this
I'ma do it I'ma do it better
Cause nobody does it better

They said it's been done before
But not like this
I'ma do it I'ma do it better

They said it's been done before
But not like this
I'ma do it I'ma do it better
