

# Brand New Day

Outasight

Let's go Uh  
Let's get outta here  
It's a Brand New day  
Let me tell you what I'm feeling like

Let's, I'm on a corner of an avenue  
Pocket full of revenue  
Feels incredible  
Someone put you on a pedestal  
Knock you back down  
Let it go, it's inevitable

When my time comes I'll find a way to really see  
Through the rainy days, I was amazed I was afraid of what I could be  
May see it feel best when your mains being put down  
I open my eyes from a long night and look around

And I don't feel the same  
Yeah summit' really changed from the way I walked in to a Brand new Day

Aberration and hating have a very thin line of separation  
Either way you wanted a conversation  
So my dialect the original, a language untainted

When my names come up, no-one sends me on my way  
And I follow my own directions my own road I never sway  
It was too simple to stop fussing over what's expected  
It was too easy to stand alone and feel so neglected

And I don't feel the same  
Yeah summit' really changed from the way I walked in to a Brand new Day

Yow, I'm thinking of me social status, used to have me at my maddest  
Dreams of living plus me lavish generated from magazines, TV screens  
Seemed to be the only thing that matters at me fearing average

And when the sun starts to close a number in falls  
I hear the echoes of my love, melting down the halls  
It's too better to out-beat this under of depressin'  
I'm looking in these notebooks and I'm regressing whilst I was dressin'

And I don't feel the same  
I know summit' really changed from the way I walked in to a Brand new Day

And I don't feel the same  
I know summit' really changed from the way I walked in to a Brand new Day

And I don't feel the same  
I know summit' really changed from the way I walked in to a Brand new Day

And I don't feel the same  
Oooooooooooooo

And I don't feel the same  
And I know summit' changed from the way I walked in to a Brand new Day

And I don't feel the same

And I know summit' changed from the way I walked in to a Brand new Day

A Brand New Day
