

Change The World

Outasight

Some days I wake up in a daze
And I can't get my head out the clouds now now now
One way or another I found myself on the assembly line ow ow ow

Cause money sure don't seem to make the man but the man make the dollar bill
I won't let a few things keep me down but it's sure now hard to chill

Some days I feel like the words that we say don't mean a thing now now now
One way or another I find a little patience to keep things real ow ow ow
Cause rules don't seem to make the man but the man seem to make the rules
Open my eyes to a little sun and see what I can do

I don't know why
But today I feel
A little bit different

I feel like I woke up this morning and I could change the world
I can change the world
I guess it's true true true...
I feel like I woke up this morning and I could change the world
I could change the world
It's up to you you you today

Some days I wake up from a dream and feel like what I saw was real now now now
ow
One way or another I found a way to beg borrow or steal how how how
Cause hopes and dreams don't make the man but the man can hope and dream
Close my eyes on another day now I just gotta wait and see

Some days I wanna fight the love that I'm so lucky to have
One way or another I'm gonna retreat on the war we crash
Cause the man don't want to fight the war but he'll send the kids to die
Today may be our lucky day
Gonna find out in due time

I don't know why
But today I feel
A little bit different

I feel like I woke up this morning and I could change the world
I can change the world
I guess it's true true true...
I feel like I woke up this morning and I could change the world
I could change the world
It's up to you you you today

I don't know why
But today I feel
A little bit different oh

Say I (I)
I feel (feel)
Like I could I change I could change the world [x2]
