

## Invitation

## Outasight

Give it to me now!  
I spent time, fell in line  
Did words,  
Kept cool, played the fool  
Did my dirts  
It's safe to say I've saved the day  
For what it's worth  
And nothing would work  
And I say I, I wanna know, I wanna know  
If stranger things could happen

Yeah, been a long time coming  
A few gears tryina make something out of nothing  
When everyone's also tryina get found  
You're the one for me, I think I figured it out

Wherever the wind takes me,  
I don't know where it makes me go  
I only hope that it brings me back to you  
I got the strangest inclination  
That I got my invitation  
And you know what I want to do  
You know what I want to do  
Pick you up and take you out  
And you know what I want to do  
And get fucked up and mess around  
I got the strangest inclination  
That I got my invitation  
And you know what I want to do

But I paid my dues, made the news  
Did the works  
Kept it chill, paid the bills  
did my dirt  
It's tough to say how we got away  
From what I worked  
We came undone  
And I say I, I wanna know, I wanna know  
If stranger things could happen

Yeah, been a long time coming  
A few gears tryina make something out of nothing  
When everyone's also tryina get found  
You're the one for me, I think I figured it out

Wherever the wind takes me,  
I don't know where it makes me go  
I only hope that it brings me back to you  
I got the strangest inclination  
That I got my invitation  
And you know what I want to do  
You know what I want to do  
Pick you up and take you out  
And you know what I want to do  
And get fucked up and mess around  
I got the strangest inclination  
That I got my invitation

And you know what I want to do

All them lonely nights, clueless thangs, saddest songs  
Let's clean the slang, make it day and move along  
Forget the change  
What we had back then we can have right now  
It's up to us, you already know it's going down  
You already know it's going down  
You already know it's going down

I got the strangest inclination  
That I got my invitation, ooooh  
You know what I want to do  
Pick you up and take you out  
And you know what I want to do  
And get fucked up and mess around  
I got the strangest inclination  
That I got my invitation  
And you know what I want to do

Wherever the wind takes me,  
I don't know where it makes me go  
I only hope that it brings me back to you  
I got the strangest inclination  
That I got my invitation  
And you know what I want to do  
You know what I want to do  
Pick you up and take you out  
And you know what I want to do  
And get fucked up and mess around  
I got the strangest inclination  
That I got my invitation  
And you know what I want to do
