

# We Love It

Outasight

(We love it)

A little something to get you out control  
Can of paint and a whole lotta soap  
We makin' bangers all across the world (That's right)  
My head's spinnin' like a forty five around we go-go-go-go  
I got that five four, you no need for a match  
I mean, I take no days off, there's no time to relax  
All of the action, the bright lights  
Good vibes and long nights  
So tell me now what you wanna do, come on

You know we love it  
Ooh babe, we really love it  
Ooh don't, think nothin' of it, oh no  
Any way you want it I'ma give it to you

We love it!  
We love it!  
We love it!  
We love it!  
Woo!

A little something to put you in the mood  
501s and your favorite pair of shoes (I like it)  
I'm droppin' dimes, no time for droppin' clues  
Excuse me if I'm wilding but that ain't nothin' new, no no no  
I got that Trans Am parked out in the back, I mean  
I don't feel like Van Damme the way I kick it on the track  
I love the action, the bright lights  
Good vibes and long nights  
So tell me now what you wanna do, come on

You know we love it  
Ooh yeah, we really love it  
Ooh don't, think nothin' of it, oh no  
Any way you want it I'ma give it to you

We love it!  
(Come on, come on, come on)  
We love it!  
(Come on, come on, come on)  
We love it!  
(Come on, come on, come on)  
We love it!  
Woo!  
(Now let's go)

I wear rose colored lenses  
She ain't saw those Gucci frames  
I said I bought these at the dollar store  
With a six pack using change  
They say time is always borrowed  
So I'm tryna make the most of it  
So many expectations  
I don't even know what I'm supposed to get

And then growin' up, not showin' up  
I'm crazy enough to think I'm blowin' up  
I mean I'm old enough, I'm not insecure  
Even though I haven't won any awards  
I used to get stressed now I'm never bored  
Not every rap song needs a metaphor  
Sometimes you gotta keep it one hundred bro  
That's what they invented the metaphor

You know we love it  
Ooh yeah, we really love it  
Ooh don't, think nothin' of it, yeah baby  
Any way you want it I'ma give it to you

We love it!  
(Come on, come on, come on)  
We love it!  
(Come on, come on, come on)  
We love it!  
(Come on, come on, come on)  
We love it!  
Woo!  
(We love it!)
