

My Name Is Pain

Overkill

No livin', no livin' without me
No higher, no higher than love, I'm gonna love you
Right here where you stand
I'll be inside you, all about you, everywhere you go
Everywhere you go
Make you feel like you are livin' what you need to know
Let me introduce myself, you're gonna know me well
There is no shame to know my name
My name is pain, my name is pain
There is no blame, you know my name
My name is pain, my name is pain
All givin', all takin' what I need
For better, for better or worse, I'm gonna kill you
Right here where you stand
I'm wrapped around you, gonna pound you
Welcome to my show
Make you think it's all unfair, here's what you need to know
Let me introduce myself, you're gonna know me well
When I take aim, you know my name
My name is pain, my name is pain
I am the flame, you know my name
My name is pain, my name is pain
