

No Lights

Overkill

You know when I think of you
And I feel to let it out
For what we did pursue
And all we were about
And when I think of who
Flooding me with light
Don't think you need to hear this
Yeah, you did it right

It's over, but yeah, we have taken the light
It's over, by winning for losing the fight
Over, it's over, it's over
It's gone into flight
Right here by my side
As I ride

I found meaning
In the words that you would speak
And I found strength
Inside the fact that we were weak
And when I picture you
Covered in our rags
If this man shall fall
Who will take the flag?

It's over, but yeah, we have taken the light
It's over, by winning for losing the fight
Over, it's over, it's over
It's gone into flight
Right here by my side
As I ride

Hard rubber and a wind-blown face
Got a full-blown eight-eight
To get us home
No trouble, got an extra ace
Gotta stand-up, throw-down
Never let me be alone
Over, it's over, it's over
You've taken my lights
Over, it's over, it's over
Right here by my side
As I ride

To have known you
Still helps to get me through
And to thank-you now
Is all that I could do
When I motor on
On into the night
I know that you are there
I know you are my lights
Over, it's over, it's over
You've taken my lights
Over, it's over, it's over
Right here by my side

As I ride
There's no light
As I ride...
