[Verses 1]

See.. see
Twelve years ago when we started dancing
Imitating, miming Michael Jackson
They used to call us Paul and Peter
We realize say P-Square better
When our mates dey bubble, we dey huzzle
To make sure our music go escape
Us from trouble
Then we dey try to understand why
Some people are not the same
From one competition to another
Our mama use to tell us not to bother
Cause we dey play, we dey sing
We dey dance for the same shows
eeh....at the same time

[Chorus]

For all those people way de play our songs
And all those people we dey write about us
We love you - we love you
We wanna thank you -we wanna thank you
Cause Na so e suppose to be
Can't imagine wetin life go be
Without you...without you
We wanna thank you - we wanna thank you

[Verse 2]

In the year two thousand and one
Was a blessing and a lesson that shows
We were progressing
While in year two thousand and two
Timbuktu came to our rescue
While in year two thousand and three
For everywhere.....
Na our tapes and cds eeh!
E never finish for santin city
We go for Kora for South Africa eeh!
We dey try to understand why..
Some people are not the same...
From one competition to another
Again... our mama use to tell us not to bother
Cause we dey play, we dey sing...
We dey dance for thesame shows eeh!
At the same time

[Chorus]

I got a story...story
I got a story...story

This Na our story, story, story yeah...
