

In Time

Paatos

Stand the pain, don't you worry
One of these days it will hit you

In time, in time, in time, my friend
In time, in time, in time, my friend

Keep your calm, don't you worry
Restless mind, go to sleep

In time, in time, in time, my friend
In time, in time, in time, my friend

Gone again, gone within
Come with me, I will show you

In time, in time, in time, my friend
In time, in time, in time, my friend
