

# Bound by Blood

## Paddy and the Rats

Father was a boozier  
He liked to miss his job  
A looser & seducer  
Who was lost  
Mother tried her best  
She was broken and depressed  
But we had each other  
Always in this mess

Tried to run, you looked far away  
I had to calm you, tell you to stay

So I took you by the hand  
Together swum against the flood  
On the faith in which we stand  
Is our love (Oooh)  
Life was not as we've planned  
Coz we were born and raised in mud  
But we were strong, we were brave  
We were bound by our blood

We wanted to get away  
Coz we were bound with all these lies  
Chained to all these numbing fears inside  
Without shackles on our heart  
We wanted to feel alive  
The starry skies were our home every night

Tried to run, you looked far away  
I had to calm you, tell you to stay

So I took you by the hand  
Together swum against the flood  
On the faith in which we stand  
Is our love (Oooh)  
Life was not as we've planned  
Coz we were born and raised in mud  
But we were strong, we were brave  
We were bound by our blood

We will fade at the last golden sun  
Our shadows disappear and we'll be one  
But we won't pray  
Coz we know that's what we had  
Together we were young, we were mad

So I took you by the hand  
Together swum against the flood  
On the faith in which we stand  
Is our love (Oooh)  
Life was not as we've planned  
Coz we were born and raised in mud  
But we were strong, we were brave  
We were bound by our blood

So I took you by the hand  
Together swum against the flood

On the faith in which we stand  
Is our love (Oooh)  
Life was not as we've planned  
Coz we were born and raised in mud  
But we were strong, we were brave  
We were bound by our blood
