

## Junkyard Girl

## Paddy and the Rats

Jodie was a pretty girl  
She's was smelling like stub  
In a junkyard I met her  
She was a really big snob

And you know, when patchouli's on the booty  
I can't restrain my temper anymore  
Let it flow, I know my duty, lovely beauty  
Come with me and let it go

When we both get drunk  
Sometimes we do it  
When I'm talking junk  
Usually not  
Because you're a punk  
Sometimes you get naked  
And I get on

How much I loved that girl  
She was living the pub  
Paid her one beer and you got her  
In fact she was a big slut
