

# Make a Change

## Paddy and the Rats

You like to say its too much of plastic  
Still drinking coke, 'cause its so fantastic  
Its good to feel enthusiastic  
You like to say, the world needs some drastic  
Moves to change, but you're still sarcastic  
Tell me mate, dont you think it's nasty?

Do we really wanna live in lies as  
Killing mother earth like the god we play?  
Tell me are we brave to fight our wildness  
To live here for another day?  
Do we really wanna live in a violence  
Cheat on mother earth while we pray?  
Do we really wanna stay in silence  
As our lives pass away?  
We can make a change

You like cows but only when its called beef  
You damn gas, unless its dirt cheap  
And in the end, you easily fall asleep  
You like to post your angry reaction  
It's all about your instagram attraction  
But it's just for your self protection

Do we really wanna live in lies as  
Killing mother earth like the god we play?  
Tell me are we brave to fight our wildness  
To live here for another day?  
Do we really wanna live in a violence  
Cheat on mother earth while we pray?  
Do we really wanna stay in silence  
As our lives pass away?  
We can make a change

Everybody can change  
Everybody can change  
Let's start with you and me  
Everybody can change  
Let's start with you and me  
Everybody can change  
Let's start with you and me  
Everybody can change

Let's start with you and me  
Do we really wanna live in lies as  
Killing mother earth like the god we play?  
Tell me are we brave to fight our wildness  
To live here for another day?  
We can make a change

Everybody can change  
Everybody can change  
Everybody can change  
Everybody can change  
We can make a change
