

We will fight

Paddy and the Rats

Im a loaded gun, bang bang
Terrible hang man
In a false position,
Incredible jam jam
Serious in fight, fight
Swagger to the wild side
Give a wink, pay a drink
If you wanna win
We will stay together
And only feel alright
We will live forever
If we can drink all night
We will stay together
And only feel alright
So let us drink forever
Or we will fight
The bastard's shot down
Paddys 'rin the pub now
Coz we swept the fuckin' garbage
Out of Dublin's downtown
Say a little farewell
Now im feelin' well, well
Jokin' on the heaven
On the subway to hell
