

Lobotomized

Paganizer

Ooouurgh!

Deep embedded within
the urge to disembowel
to feed on the dead and wear their skin

Now, your flesh is mine to dissect
soon, you lay gutted begging for death

Death comes crawling
as I rip your skin
ferocious ways to tear apart your squirming body
Razorsharp dreams of dread
bloodsoaked walls
as my hunger is fed by your bleeding remains

You will die / stripped of human form
you will burn / lobotomized

Now, your flesh is mine, mine to dissect
soon, you lay gutted begging for death
