don'tcha-don'tcha-don'tcha see sunshine
a yellowish one time it's gonna be all right
cause i can-i can-i can see big hearts
swinging like bright stars
up over the sky wire
can'tcha-can'tcha-can'tcha hear big dreams
whenever the bell rings
it's gonna be all right
cause i can-i can-i can see big hearts
stumming like soft harps
away in the sunlight

maybe i'm a rich or a poor one
but i'm a want more one
i'm gonna be all right
cause everybody's gettin' in trouble
for thinking in double
we want everything twice
maybe all of us have a big heart
but use but a small part
and maybe it's all right
cause i can-i can-i can see sunshine
a devil-ish good time's
away in the sunlight

don'tcha-don'tcha-don'tcha feel better
you look so much better
you're gonna be all right
