

# Monster

Pain

Time, I cannot turn back  
I'm not living in the past  
Air, it's not my first breath  
Why didn't anyone tell me I'm insane

I'm having my own revolution  
I'm the first in line to see the light  
The doctor's giving me new medication  
And I'm flying high again  
Now I'm taking a permanent vacation  
The monster's tamed inside of me

You got to feed the monster

Time, I cannot turn back  
I'm not living in the past  
Air, it's not my first breath  
Why didn't anyone tell me I'm insane

I'm having my own revolution  
I'm the first in line to see the light  
The doctor's giving me new medication  
And I'm flying high again  
Now I'm taking a permanent vacation  
The monster's tamed inside of me

Life, I'm not the one that's on trial  
Stop, I have not time to fuck around  
Life, you cannot be what you wanna be  
Why, I am what I am and I stand where I stand  
Feed my monster

The doctor's giving me new medication  
And I'm flying high again  
Now I'm taking a permanent vacation  
The monster's tamed inside of me, Feed the monster
