

## No One Knows

Pain

These visions in my head  
The friendly faces  
I don't know maybe it's me  
It feels like they're in my mind  
And feasting of my brain  
Uuuh don't you feel the same?  
No one knows what I know when I know that I'm done  
No one knows what I know when I know that I'm done  
I'm trapped in my DNA  
No time to waste  
Spies are in my closet and under my bed  
I'm losing this scary game  
Crack me like the whip  
Please crack me sane  
No one knows what I know when I know that I'm done  
No one knows what I know when I know that I'm done  
No one knows what I know when I know that I'm done  
No one knows what I know when I know that I'm done
