

Not Your Kind

Pain

In my life I've learned a lot, don't give a helping hand
To those who keep faith in god, it's not for me to understand
Beliefs? Is not enough what's coming out of your mouth
I always hide my thoughts, just get away from me
You're not the one
Don't push your problems on me
I'm not the one
You know I'm not your kind
You're not the one
Don't let it get to your head
I'm not the one
You know I'm not your kind
So what god say today, anyone to sacrifice?
Get your head out of your ass
Who's the next one to die
You're not the one
Don't push your problems on me
I'm not the one
You know I'm not your kind
You're not the one
Don't let it get to your head
I'm not the one
You know I'm not your kind
You're not my kind
So you think you can shove lies down my throat
I don't think you understand
I don't give a fuck about your god said so
Just stay away from me
You're not the one
Don't push your problems on me
I'm not the one
You know I'm not your kind
You're not the one
Don't let it get to your head
I'm not the one
You know I'm not your kind
