

Fade

Palace

Im gonna fade out, gonna fade in
Ima shape shift into new skin
Im a hologram, one of those again
Im no good to you
So pull my shape out and push my shape in
You can mould me into anything
Im ascending, Im ascending high
My bending bodys breaking violent, softly
Taking all the time I need
All the time I need
Nourish gently cause my sternums bending
It is gone, a part of me
Gone, a part of me
Theres my writing on the wall
Broken bodies on the floor
Am I paranoid?
Am I paranoid?
Am I paranoid?
Now just go and fade away
My happiness has turned to grey
Am I paranoid?
Am I paranoid?
Am I paranoid?
Paranoid
Paranoid

You know I bleed out now Im bleeding
Ive got glass veins under thick skin
Im eroding, I need re-wilding
I need my life again
My bending bodys breaking violent, softly
Taking all the time I need
All the time I need
Twist me softly cause my heart rates
Dropping
And Im breaking at the seams
Breaking at the seams
Theres my writing on the wall
Broken bodies on the floor
Am I paranoid?
Am I paranoid?
Am I paranoid?
Now just go and fade away
My happiness has turned to grey
Am I paranoid?
Am I paranoid?
Am I paranoid?
Im breaking down
Inside of my head
Inside of my death
Inside Im a mess
