

All My Friends

Palaye Royale

All my friends say it's raining
But I don't see no rain today
My mind is feeling warm
But my body don't feel the same way
Following the rain down the drain
I'll be like this 'til my last days
All my friends say it's raining
But I don't need no raincoat today
Don't need no raincoat today

I tried to steal her bed-side meds
I tried to get inside her head
What's wrong with me?
She's painting figures with her hands
She thinks she's lost in Neverland
But she's not wrong no, no, no

I tried to sell my soul today
How did I end up in this place?
With me and you and you and me

I tried to sell my soul today
I tried to put the past away
Aye aye I don't see no rain today

I tried to get lost in the morning sun
I tried to get lost with the wild ones
I'm the wild one
I've lost sight of what I see
But you've lost sight
And, baby, it ain't me
Baby, it ain't me

I tried to sell my soul today
How did I end up in this place?
With you and me and you and me

I tried to sell my soul today
I tried to put the past away
Aye aye I don't see no rain today

I tried to sell my soul today
How did I end up in this place?

She's painting figures with her hands
She thinks she's lost in Neverland
But she's not wrong no, no, no

All my friends say it's raining
But I don't see no rain today
