

# The Underground

Palaye Royale

When you were just a wild moon child  
They deprived you of things for a while  
A baptist child lives with unfair minds  
Looking for a reason to survive

When you were just a wild moon child  
Found myself trapped inside the wild  
Lost boy with the nature eyes  
Looking for a reason to survive  
It's our choice you got to be treason  
It's about time you got to be leaving  
Chocolate blue skies never fade  
Sunset horizons always our parade

I've got a heartbeat a heart, heart beat going down  
Take me to underground  
Heart beat a heart, heart beat going down  
Take me to underground

As you wait for something to fight for  
People find themselves without a cause  
And I see all the hidden lies  
Behind the all seen eye, oh yeah

Opening your mouth wide open shut now  
Doctors shoot the veins with water from the sea  
And I know kids are given guns  
To relieve the elderly

It's our choice you got to be treason  
It's about time we got to be leaving  
Chocolate blue skies never fade  
Sunset horizons always our parade

I've got a heartbeat a heart, heart beat going down  
Take me to underground  
Heart beat a heart, heart beat going down  
Take me to underground

If you want it you got it you say that you want it  
Exist between the light of day  
Want it you got it say that you'll try it  
Saying that we don't need to pay

I've got a heartbeat a heart, heart beat going down  
Take me to underground  
Heart beat a heart, a heart beat going down  
Take me to underground

If you want it you got it you say that you want it  
Exist between the light of day  
Want it you got it you say that you want it  
Saying that we don't need to pay, ohh

I've got a heartbeat a heart, heart beat going down  
Take me to underground  
A heart beat a heart, heart beat going down

Take me to underground
