

A Shadow on the Wall

Pale Young Gentlemen

I've got my reasons
I've got my seasons
And you will never make me change
I've got my mother
And my father
The shadow on the wall of the cave

A sudden freedom
I shed the demon
I bask in the light of the day
Analytical
Metaphysical
A shadow on the wall of the cave

Do you believe this fool?
He will deceive you

I'm taking them back, I'm having a laugh
We can make it happen

I've got my reasons
I've got my seasons
You will never make me change
I've got my mother
And my father
The shadow on the wall of the cave

Do you believe this fool?
He will deceive you

I'm taking them back, I'm having a laugh
We can make it happen
