

There Is a Place?

Pale Young Gentlemen

Did my sister marry? Does the
house look the same? In a sort of
way, I am walking home.

In a certain light at a certain hour,
I could stay here, but that don't feel
like me.

And the feeling wanes from a man
inbetween. It was easier, when you
were easier on me.

I thought i had it, I really did.

There is a place.

Did my sister marry? Does the
house look the same? In a sort of
way, I am walking home.

Maybe I'm a fool, alright.
But ask me how I slept last night.

I thought i had it, boy I really
did. I thought I had it but I
guess I don't.

There is a place.

In a certain light at a certain hour
I still feel like I am seventeen.
