

All or Nothing

Pallas

Open your eyes and look at the world you've made
Stop, take a moment
To think about the things
You'd like to say
For in the end it's not as if I'd block your way
Hey

Make
Your decision but don't wait until it's too late
Stop, take a moment
To think about the things you'd like to say
For in the end
It's only you who has to pay

You don't have to make decisions (It's all or nothing)
You don't have to make incisions (That's what I said)
You don't have to make it painful (It's all or nothing)
Just make sure I won't get in your way

Search through your reasons before you set off on your way
Stop, take a moment
To think about the thing you'd like to say
For in the end it's only you who has to pay

You don't have to make decisions (It's all or nothing)
You don't have to make incisions (That's what I said)
You don't have to make it painful (It's all or nothing)
You don't have to make it hateful (That's what I said)
Take your things and go your own way (It's all or nothing)
Leave me now, don't say you're sorry (That's what I said)
Slam the door don't look behind you (It's all or nothing)
Just make sure I won't get in your way
