

Dance Through The Fire

Pallas

Hot coals, hard nails, walk to water, grab the tiger's tail,
Don't stop, don't think, Dance your way around disaster's brink

.

Dance through the fire...

Dance through the fire...

Hard times, cold sweat, walk the plank without a safety net,
Dead duck, bad news, beat the crimes of which you stand accused

.

Dance through the fire...

Dance through the fire...

Hold on, sit tight

We never promised heaven overnight,

Take heart, keep faith, can't be long now till the storm must b
reak.

Dance through the fire...

Dance through the fire...

Dance through the fire...
