

Kings and Queens

Paloma Faith

I remember in the day, I was just a girl
Thinking how cool this is
My man is calling from jail
I know I was naive, a fool in love
And looking back it was doomed to fail, life was too tough

Feels like a million years ago
(But I don't look back, 'cause I wanna go forward)
Great season, stolen alcohol
We were so young

We could have been kings and queens
We could have been anything
We could have hung from the world, when I was your girl
Two diamonds from the gutter
We could have been kings and queens
We could have lived all our dreams
If I could have set you free, I would, believe me
But we didn't get it right this time

Maybe in another life
Maybe in another life
Maybe in another life
Maybe in another life

Come to your mama's house, I'd stay too late
I get in trouble and they're sending out the search party
I think you ended it, 'bout fourteen times
Just for the thrill of gettin' back together after the fight

Feels like a million years ago
(But I don't look back, 'cause I wanna go forward)
Great season, stolen alcohol
We were so young

We could have been kings and queens
We could have been anything
We could have hung from the world, when I was your girl
Two diamonds from the gutter
We could have been kings and queens
We could have lived all our dreams
If I could have set you free, I would, believe me
But we didn't get it right this time

Maybe in another life
Maybe in another life
Maybe in another life
Maybe in another life

And I don't look back, 'cause I wanna go forward
But I hope you're well, got what you wanted
You still cross my mind, are you OK?
I pray you'll get it right next time
So maybe in another life
Maybe in another life
Maybe in another life
Maybe we'll be better next time

We could have been kings and queens
We could have been anything
We could have hung from the world, when I was your girl
Two diamonds from the gutter
We could have been kings and queens
We could have lived all our dreams
If I could have set you free, I would, believe me
But we didn't get it right this time

Maybe in another life
