I.

It's over you and me  
I know this feeling  
It's over you and me..  
It's over you and me  
it's done - YOU want it!

It's over you and me..  
from my will

Ref I.:

Follow your sorrow  
you'll never find a way..  
Follow your sorrow  
I'll never hurt again..

II.

It's over you and me  
no love no feeling  
It's over you and me..  
It's over you and me  
it's gone - YOU want it!

It's over you and me..  
and I WILL

Ref. II.

Follow your sorrow  
and never find a way..  
Leave me believe me  
I'll never hurt again..

Mezihra

It's over you and me  
It's over us

Ref III.

All the time all the time I was close still and faithful  
I would die for little smile for your touch I'm grateful  
all the time all the time when I was close still and faithful  
I would die for little smile for your touch I'm grateful (that)

III.

It's over you and me  
suddenly..

It's over you and me  
finally

suddenly..

It's over you and me  
finally
