

When Death Embrace Me

Panzer AG

"The greatest trick the Devil ever pulled is convincing the world he didn't exist."

("And like that, he's gone")

If I could believe
Belief would give me comfort
Believe that what I've done
Made a difference

That I gave you strength to carry on
Without me on your side
That what we have
Will never be forgotten

Will you still be by my side
When death embrace me?
Will you give me comfort
When death embrace me?
Will you still remember me
When death embrace me?
Will you taste my one last breath
When death embrace me?

I believe in eternity
Some things are meant to be
What if you suddenly change your mind
And leave me here to suffer

What difference would it make
If the angels would be laughing
Dancing on a grave without a name

Will you still be by my side
When death embrace me?
Will you give me comfort
When death embrace me?
Will you still remember me
When death embrace me?
Will you taste my one last breath
When death embrace me?

When death embrace me

All I know
Is how to live in fear
That you
Would ruin my kingdom

All I know
Is how to live in fear
That you
Would ruin my kingdom

Will you still be by my side
When death embrace me?
Will you give me comfort

When death embrace me?
Will you still remember me
When death embrace me?
Will you taste my one last breath
When death embrace me?
