

The red river

Panzerchrist

Red river flowing
Wounds tearing open
The blade of a knife
Release my cares from me
Knife now blood stained..

Not a care no more
Tragic life
Meaningless times
I lost it all

Hey Waits
you say
That looks like blood
But no! It's the pain inside
Finally released
Let go, to leave this place
To play at someone else
Not me! No more

The perfect world
Out of reach
Except one way
The way it's troooooo
