

Autumn

Paolo Nutini

Intro: A A2 Asus4 x2

A **F#m** **E**
Autumn leaves underfrozen souls
A **F#m** **E**
Hungry hands turning soft and old
D **E** **F#m** **E** **D**
My hero cry as we stood out there in the cold
D **E** **A**
Like these autumn leaves I don't have nothing to hold
A A2 Asus4

A **A2 Asus4** **F#m** **E**
Handsome smiles, wearing handsome shoes
A **A2 Asus4** **F#m** **E**
Too young to say, though I swear he knew
D **E** **F#m** **D**
And I hear him singing, while he sits there in his chair
D **E** **A** **A2 Asus4**
While these autumn leaves float around everywhere

Bm **A**
And I look at you and I see me,
E **D** **A**
Making noise, so restlessly
Bm **A**
But now it's quiet and I can hear you sing:
E
"My little fish don't cry,
D
My little fish don't cry"

A **F#m** **E**
Autumn leaves how fading now
A **F#m** **E**
That smile I've lost, well I've found somehow
D **E** **F#m** **D**
Because you still live on in my father's eyes

D **E**
These autumn leaves,
F#m **D**
All these autumn leaves,
D **E** **A** **A2 Asus4 A**
All these autumn leaves, are yours tonight
