Do or Die

Today I saw my hero fall apart, The one who taught me to be strong, On the outside I look fine, But on the inside I am dying My strength is overcome by pain My love for you remains the same The loneliness is setting in I have no one to free my sins

It's never too late to live your life, The time is now, it's do or die It's never too late to live your life, The time is now, it's yours and mine

Now it's my turn to help you out, 'cause you were there when I was down, It's hard for me to see you this way Losing all your sanity You helped me to keep my dreams alive, Without you how will I survive? It's time for me to be a man Now I finally understand

It's never too late to live your life, The time is now, it's do or die It's never too late to live your life, The time is now, it's yours and mine

It's never too late to live your life, The time is now, it's do or die It's never too late to live your life, The time is now, it's yours and mine

I can't run anymore I can't hide anymore I can't run anymore I can't hide anymore

Today I saw my hero fall apart, The one who taught me to be strong, On the outside I look fine, But on the inside I am dying

It's never too late to live your life, The time is now, it's do or die It's never too late to live your life, The time is now, it's yours and mine

It's never too late to live your life, The time is now, it's do or die It's never too late to live your life, The time is now, it's yours and mine

It's never too late to live your life, The time is now, it's do or die It's never too late to live your life, The time is now, it's yours and mine I can't run anymore I can't hide anymore I can't run anymore I can't hide anymore

Yeah
