

Just Go (Never Look Back)

Papa Roach

We're the gladiators
Taking my heart won't be that easy
So send in your lies
I'll fly so high the birds won't reach me

So prepare yourself
Screw everyone else
Cuz time is counting down
It looks like it's now

Just go
(Don't look back!)
Just go
(Never look back!)

Kept my eyes on the prize
The next step in my evolution
Is to realize (realize)
My life is just a crazy ride

So prepare yourself
Screw everyone else
Cuz time is counting down
It looks like it's now

Just go
(Don't look back!)
Just go
(Never look back!)
Just go
(Don't look back!)
(Never look back!)
