

# Never Enough

Papa Roach

Life's been sucked out of me  
And this routine's killing me  
I did it to myself, I can not say this would not be  
Somebody put me out of my misery  
Expression, stimulation hallow sense of myself  
I did it to myself again  
Somebody put me in my place

Never enough  
Never enough  
Do I deserve  
What I got

Now every thing's OK, there's nothing wrong with me  
This seems unnatural to me I'd say in every way  
Somebody kick me in the face  
now somethings wrong with me  
im bleeding profusely and this seems natural  
to me i fuck up everyday  
sombody put me in my place

Never enough  
Never enough  
Do I deserve  
what I got  
Never enough  
Never enough  
Do I deserve

what I got (5x)

I feel as if I'm running back to where I started  
You ask what's wrong with me and I say nothing  
Is everything OK? Is something wrong with me  
Pushing and pulling feelings eternal  
My heart is yours

I feel as if I'm running(3x)  
Life will knock me down

Never enough  
Never enough  
Do I deserve  
what I got

Never enough  
Never enough

Life will knock me down
