

# Sometimes

Papa Roach

I'm dreaming about tomorrow  
I'm thinking of yesterday  
I consume myself in sorrow  
This moment in time  
Is what I betray  
I am searching for the answers

And I look around  
Sometimes I get sad  
Cause I don't know which way 2 go  
And I look around  
And sometimes I get sad  
Cause my life is spinning out of control

I never know what you want  
I never know what you need  
It was different  
From the start  
When you cut me in two  
I never thought I would bleed  
I am searching for the answers

And I look around  
Sometimes I get sad  
Cause I don't know which way 2 go  
And I look around  
And sometimes I get sad  
Cause my life is spinning out of control

I will go this alone  
I don't need nobody's help  
I've gotta do this myself  
Alone, alone, alone, alone

And I look around  
Sometimes I get sad  
Cause I don't know which way 2 go  
And I look around  
And sometimes I get sad  
Cause my life is spinning out of control

And I look around  
Sometimes I get sad  
Cause I don't know which way 2 go  
And I look around  
And sometimes I get sad  
Cause my life is spinning out of control
