

## Good Intentions

### Paper Route

Am I alone in the city lights?  
Am I alone when the moments right?  
Am I?  
Did I complain that Im feeling used?  
Is it you?  
Is it you?  
Its never enough.

I want to be your heart that breaks  
I want to be your hiding place  
I want to be your one solution;  
I just got no execution.

Are all my dreams finally coming true?  
Is everybody in love with you?  
Are they?  
Dont have a clue how I got this way  
Is it you?  
Is it you?  
Its never enough.

I want to be your silhouette  
I want to be your TV set  
I want to be your one solution;  
I just got no execution.

I want to be your hear that breaks  
I want to be your hiding place  
I want to be your one solution  
I just got no execution.

I want to be your stitching thread  
I want to be your fountainhead  
I want to be your one solution  
I just got no execution
