

Garden

Paprika Korps

Show me the way to garden
Back in the garden I wanna be
Give me the serpents eye now
And I will find way among the trees

Movement is everything
Track is inviting
Making the traveller to take the risk
Show me the way to garden
Back in the garden
I wanna go

Give me the iron will
And I will follow the way back home
Show me the garden wall
Beyond that wall I wanna be

Give me the iron fist
And I will use it to crush the bricks
Show me the hidden door
Trough out that door I wanna go

Movement is everything
Track is inviting
Making the traveller to take the risk
Give me glimmer of hope
And I will find now
The way back home
