

Under Control

Parachute

I turn my head
I can't shake the look you gave
And I'm good as dead
Cause oh those eyes are all it takes
And all I want is you

So I pull away
All I do is sit and wait
And I might as well write the words right on my face
That all I want is you, oh is you

Because I've kept my heart under control
Oh but lately all this time has taken its toll
Said I tried to but I can't hold back what's deep in my soul
So darling please forgive me
I want you and you'll just have to know

And all my fears creep and crawl across my skin and
These four walls are after me and moving in
And all that I want to do
Is give up, give in, let this one stay where it is
But I don't suppose I will

Because I've kept my heart under control
Oh but lately all this time has taken its toll
Said I tried to but I can't hold back what's deep in my soul
So darling please forgive me
I want you and you'll just have to know

One of these days I'm gonna find myself a way
I'll find the courage and I'll find the grace
And I'm gonna know just what to say
And you'll walk on up when you want this love
When you've had enough and you've given up

Because I've kept my heart under control
Oh but lately all this time has taken its toll
Said I tried to but I can't hold back what's deep in my soul
So darling please forgive me
I want you and you'll just have to know
