

Here To Stay

Paradise Fears

This is all that I need
Eyes closed, you're all that I see
I find it hard to believe
I've got the whole world lying next to me

Then you pull me in close
And you take me away
We found the feeling that shows
That this is more than a place
Because wherever we go (because wherever we go)
You know I'm here to stay
Don't break me down

This is all that I need
I fall, so effort-less-ly
I find it hard to believe
When I wake up you'll still be next to me

Then you pull me in close
And you take me away
We found the feeling that shows
That this is more than a place
Because wherever we go (because wherever we go)
You know I'm here to stay
Don't break me down
Don't break me down

And all I ever really needed was a chance to stay
Slow down, say you'll never leave
Eyes closed, trying not to breathe
I find it hard to believe
You're always here, you're always next to me

Then you pull me in close
And you take me away
We found the feeling that shows
That this is more than a place
Because wherever we go (because wherever we go)
You know I'm here to stay
Don't break me down (don't break me down)
Don't break me down
