## **No Forgiveness**

**Paradise Lost** 

I have seen for myself The rogues of all life born And I'm lying through the night My solemn end And a cold touch of death Takes my hand The only way... the only way

Well, I'm fighting for my life And I'm wasting away the time I've got left The only way... the only way

Hearing you talk is a waste of silence I can't bare... I no longer care I no longer care... no longer care

I create the cross that I must wear And I am flying to my plight successfully The only way... (oh the only way)

Turning around to an empty space I cried despair... I no longer care I no longer care... I no longer care

Feelings... Feelings of remorse Now locked away, another day, to live again

Feeling the pressure high Holding on to the fire
