

# Black Widow

Paragon

Lurking spider - hunting beast  
Eight ways to win at least  
Swallow all your will and soul  
A greed out of control

Mystic eyes  
You're paralyzed  
She's calling you  
She's calling you

Coast to coast and land to land  
All across the world  
Black widow will get ya!  
Hell's awaiting thee  
A Gravestone and a legacy  
All that's left from you  
Black Widow will get yea!  
You're lost and history

Attracted by innocence  
Against her there is no defence  
Any scent of goods or gold  
The demon can't be hold

R:

Promises turn into lies  
Behind the mask and disguise  
Dirty bitch, an evil whore  
From pain you're reeling on the floor
