

# Demon's Lair

Paragon

Deep down in the ground  
Below the rocks  
A secret entity  
Awaiting e

Stones are trembling  
Knowing I am there  
Sensing human life  
After all these years

All the captured souls  
Gather around  
Spirit's eternal pole  
Spellbound

A drop of my blood  
A touch of my hand  
Traps are unlocked now  
Answer my demand

Is this the devil's work  
or a gift from the gods  
Find the end of all despair  
In the Demon's Lair  
Use or destroy  
All in my hands  
A weight no one can ever bear  
Down in the Demon's lair

Shivers down my spine  
Humming machines  
So pure and divine  
Or dirty and mean

The arms of a corpse  
Reaching for me  
The smile on dried lips  
Frozen in eternity

Is this the devil's work  
Or a gift from the gods  
Find the end of all despair  
In the Demon's Lair  
Use or destroy  
All in my hands  
A weight no one can ever bear  
Down in the Demon's Lair

Is this the devil's work  
Or a gift from the gods  
Find the end of all despair  
In the Demon's Lair  
Use or destroy  
All in my hands  
A weight no one can ever bear  
Down in the Demon's Lair
